

Errata and corrigenda for doctoral thesis:
“Towards efficient numerical computation of flows
of non-Newtonian fluids”

J. Blechta (Mathematical Institute, Charles University)

July 6, 2019

- On p. 100, the second line of equation (2.69) should read

$$\leq \|SX_{\alpha, \mathbf{w}, \Gamma}^{-1} - S^\infty\|_{S_p(L^2)}^p = \|\operatorname{div}(\mathbf{A} + \mathbf{K})^{-1}\mathbf{C}\|_{S_p(L^2)}^p.$$

- On p. 111, the three occurrences of

$$\operatorname{div} \|\operatorname{div}\|_q$$

should be replaced by

$$\|\operatorname{div} \mathbf{w}\|_q.$$

- On p. 129, the statement of Theorem B.9 omits the following assumption

$B(I - P_S)$ is to be assumed self-adjoint.
