UNIVERSITY

PostDoc positions in Analysis in Prague

The group of Barbora Benešová and Malte Kampschulte at the Department of Mathematical Analysis of the Faculty of Mathematics and Physics of the **Charles University Prague** is looking for a Postdoctoral researcher for the project **PRIMUS/24/SCI/20** as well as the OP JAK grant “**FerrMion**”.

Applicants are expected to have finished their PhD before the start of the position and should have research experience in one or more of the following:

- Mathematical analysis of Partial differential equations
- Calculus of variations and mathematical relaxations
- Mathematical continuum mechanics

We seek applicants who are able to further strengthen the group and are willing to work on a broad range of topics.

Details of the position offered:

Start: September 2025 or later

Duration: 2 years (1 year probation)

Teaching: No obligation, but teaching opportunities might be arranged

Travel: Ample travel funds are available and expected to be used

Applicants are encouraged to submit their application (including **CV & research statement**) as well as arrange for **two letters of recommendation**. All documents should be sent to

kampschulte@karlin.mff.cuni.cz

ideally before the **Application Deadline** 29th of June 2025.
