PUBLIKACE / PUBLICATIONS

A. Původní vědecké práce / Publications containing new results

[A1] Lukeš J., *Lebesgueův integrál*, Časopis Pěst. Mat. **91,4** (1966), 371-383.

[A2] Lukeš J., *A note on integrals of the Cauchy type*, Comment. Math. Univ. Carolinae **9,4** (1968), 563-570.

[A3] Lukeš J., *On the topological extensions*, Comment. Math. Univ. Carolinae **10,3** (1969), 407-420.

[A4] Král J.,Lukeš J., *On the modified logarithmic potential*, Czechoslovak Math. J. **21(96)** (1971), 76-98.

[A5] Král J., Lukeš J., Netuka I., *Elliptic points in one-dimensional harmonic spaces*, Comment. Math. Univ. Carolinae **12,3** (1971), 453-483.

[A6] Král J., Lukeš J., *Integrals of the Cauchy type*, Czechoslovak Math. J. **22** (1972), 663-682.

[A7] Král J., Lukeš J., *Indefinite harmonic continuation*, Časopis Pěst. Mat. **98** (1973), 87-94.

[A8] Lukeš J., *Principal solution of the Dirichlet problem in potential theory*, Comment. Math. Univ. Carolinae **14** (1973), 773-778.

[A9] Lukeš J., *Théorème de Keldych dans la théorie axiomatique de Bauer des fonctions harmoniques*, Czechoslovak Math. J. **24** (1974), 114-125.

[A10] Král J., Lukeš J., *Brelotovy prostory na jednodimenzionálních varietách*, Časopis Pěst. Mat. **99** (1974), 179-185.

[A11] Lukeš J., *Semiregular sets in harmonic spaces* (Czech), Časopis Pěst. Mat. **100** (1975), 195-197.

[A12] Lukeš J., *A new type of generalized solution of the Dirichlet problem for the heat equation*, In: Nonlinear evolution equations and potential theory (Proc. Summer School, Podhradí 1973) (1975), Academia, Praha, 117-123.

[A13] Lukeš J., Netuka I., *The Wiener type solution of the Dirichlet problem in the potential theory*, Math. Ann. **224** (1976), 173-178.

[A14] Lukeš J., Zajíček L., *Fine topologies as examples of non-Blumberg Baire spaces*, Comment. Math. Univ. Carolinae **17** (1976), 683-688.

[A15] Lukeš J., *Functional approach to the Brelot-Keldych theorem*, Czechoslovak Math. J. **27** (1977), 609-616.

[A16] Lukeš J., *The Lusin-Menchoff property of fine topologies*, Comment. Math. Univ. Carolinae **18** (1977), 515-530.

[A17] Lukeš J., Zajíček L., *The insertion of G_δ sets and fine topologies*, Comment. Math. Univ. Carolinae **18** (1977), 101-104.

[A18] Lukeš J., Zajíček L., *When finely continuous functions are of the first class of Baire*, Comment. Math. Univ. Carolinae **18** (1977), 647-657.

[A19] Lukeš J., Zajíček L., *Connectivity properties of fine topologies*, Rev. Roum. Math. Pures Appl. **22** (1977), 679-684.

[A20] Lukeš J., *A topological proof of Denjoy-Stepanoff theorem*, Časopis Pěst. Mat. **103** (1978), 95-96.

[A21] Lukeš J., Netuka I., *What is the right solution of the Dirichlet problem ?*, In: Romanian-Finnish Seminar on Complex Analysis, Lecture Notes in Mathematics 743 (1979), Springer-Verlag, Berlin, 564-572.

[A22] Lukeš J., *On the set of semiregular points*, Proceedings Potential Theory, Copenhagen 1979, Lecture Notes in Math. 787, Springer, Berlin - New York (1980), 212-218.

[A23] Lukeš J., Malý J., *On the boundary behaviour of the Perron generalized solution*, Math. Ann. **257** (1981), 355-366.

[A24] Lukeš J., Malý J., *Fine hyperharmonicity without axiom D*, Math. Ann. **261** (1982), 299-306.

[A25] Lukeš J., Malý J., *Thinness, Lebesgue density and fine topologies (An interplay between real analysis and potential theory)*, Proceedings of the Summer School on Potential Theory, Joensuu 1990 (1992), Publication in Sciences 26, University of Joensuu.

[A26] Lukeš J.,Kolář J., *Simultaneous solutions of the weak Dirichlet problem*, Potential Analysis **15** (2001), Kluwer Academic Publishers, 17 – 21.

[A27] Lukeš J., Netuka I., Veselý J., *Choquet's theory and the Dirichlet problem*, Expo. Math. **20** (2002), 229 – 254.

[A28] Lukeš J., Malý J., Netuka I., Smrčka M., Spurný J., *On approximation of affine Baire–one functions*, Israel Journal of Mathematics **134** (2003), 255 – 287.

[A29] Lukeš J., Mocek T., Smrčka M., Spurný J., *Choquet like sets in function spaces*, Bull. Sci. math. **127** (2003), 397 – 437.

[A30] Lukeš J., Netuka I., *Extreme harmonic functions on a ball*, Expo. Math. **22** (2004), 83 – 91.

[A31] Lukeš J., Mocek T., Netuka I., *Exposed sets in potential theory*, Bull. Sci. math. **130** (2006), 646 – 659.

[A32] Dostál P., Lukeš J., Spurný J., *Measure convex and measure extremal sets*, Canad. Math. Bull. **49,4** (2006), 536 – 548.

[A33] Lukeš J., Pick L. and Pokorný D., *On geometric properties of the spaces $L^{p(x)}$*, Rev. Mat. Complutense **24** (2011), 115 – 130.

[A34] Lukeš J., Muños–Fernández G.A., Petráček P., Seoane–Sepúlveda J.B., *Locally recurrent functions, density topologies and algebraic genericity*, J. Math. Anal. Appl **443** (2016), 1247 – 1259.

[A35] Lukeš J., Pošta P., *Approximations by differences of lower semicontinuous and finely continuous functions*, Real Analysis Exchange **44** (2019), 369–382.

B. Přehledné články / Survey papers

[B1] Lukeš J., *Some old and new applications of Choquet theory in potential theory*, Proceedings of the 12^{th} Winter school on abstract analysis, Section of analysis, Srní 15.-29. January, 1984, Suppl. Rend. Circ. Mat. Palermo **II,5** (1984), 55-62.

[B2] Lukeš J., Netuka I., Veselý J., *Choquetova teorie a Dirichletova úloha*, Pokroky matematiky, fyziky a astronomie **45,2** (2000), 98 – 124.

[B3] Lukeš J., Netuka I., Veselý J., *Choquetova teorie kapacit*, Pokroky matematiky, fyziky a astronomie **47** (2002), 265 – 279.

C. Popularizační články / Publications of general character

[C1] Lukeš J., Milota J., Novák B., *K pedagogické práci katedry matematické analýzy*, Sborník vybraných statí z vědecké konference MFF UK (13. - 14.5.1972), Universita Karlova, Praha (1972).

[C2] Lukeš J., *Výuka matematické analýzy na Matematicko-fyzikální fakultě UK*, Pokroky mat., fyz. a astronomie **17** (1972), 33-36.

[C3] Lukeš J., Netuka I., *2nd International mathematics competition of university students (Czech)*, Pokroky Matematiky, fyziky a astronomie **23** (1978), 94 - 96.

[C4] Lukeš J., *Aplikace metod teorie potenciálu v matematické analýze*, Vědecká konference MFF UK (3.-5.4.1979), Universita Karlova **36** (1979), 107 - 111.

[C5] Lukeš J., Veselý J., *Ohlédnutí za soutěží ISTAM 81*, Pokroky matematiky, fyziky a astronomie **26,5** (1981), 292-293.

[C6] Lukeš J., Netuka I., Veselý J., *International Conference on Potential Theory (in Czech)*, Pokroky matematiky, fyziky a astronomie **33** (1988), 108-110.

[C7] Král J., Lukeš J., Netuka I., Veselý J., *In memory of Professor Marcel Brelot (in Czech)*, Pokroky matematiky, fyziky a astronomie **33** (1988), 170-173.

[C8] Lukeš J., *Mezinárodní matematický kongres, Kyoto*, Pokroky matematiky, fyziky a astronomie **36** (1991), 304-305.

[C89] Lukeš J., Netuka I., Veselý J., *Professor Josef Král (on the ocassion of* 60^{th} *anniversaru of birth) (Czech)*, Math. Bohemica **116** (1991), 425-438.

[C10] Lukeš J., Netuka I., Veselý J., *Sixty years of Josef Král*, Czechoslovak Math. J. **41** (1991), 751-765.

[C11] Král J., Lukeš J., Netuka I., Veselý J., *Heinz Bauer čestným doktorem Univerzity Karlovy*, Pokroky matematiky, fyziky a astronomie **38** (1993), 95 – 101.

[C12] Lukeš J., *Osmý ročník mezinárodní vysokoškolské matematické soutěže*, Pokroky matematiky, fyziky a astronomie **47** (2002), 161 – 166.

[C13] Brzezina M., Lukeš J., Veselý J., *Vzpomínka na profesora Heinze Bauera*, Pokroky matematiky, fyziky a astronomie **48** (2003), 171 – 172.

[C14] Brzezina M., Lukeš J., Veselý J., *Významné životní jubileum profesora I. Netuky*, Pokroky matematiky, fyziky a astronomie **49** (2004), 76 – 78.

[C15] Lukeš J., Netuka I., Veselý J., *Vzpomínka na profesora Aurela Corneu*, Pokroky matematiky, fyziky a astronomie **50** (2005), 343 – 344.

[C16] Lukeš J., Netuka I., Veselý J., *In memory of Josef Král*, Mathematica Bohemica **131** (2006), 427 – 448.

[C17] Lukeš J., Netuka I., Veselý J., *In memory of Josef Král*, Czechoslovak Math. J. **56(131)** (2006), 1063 – 1083.

[C18] Lukeš J., Netuka I., Veselý J., *Recollections of Josef Král (Czech)*, Pokroky Mat. Fyz. Astronom. **51** (2006), 328 – 330.
